Your part "h" in section 2 IS FANTASTIC!!! WOW! As I said yesterday--this is all "top drawer stuff" and I'm sure that without even reading the Sections 1 and 2 of other programs this is far above what others have attempted or are doing.

I wouldn't have put your name in parenthesis, as I noted, you should have put it right next to my name (no different I sure when Steve and/or Jordan puts their names on the undergraduate assessment documents).

I'm starting to recover, I'm better than yesterday--careful what I'm eating and drinking. (My dad always said when sick remember that "alcohol was invented before penicillin,"--need to try that now.)

During my "recovery" since Carol is visiting her parents in Hartford this weekend, I was able to read my 3 NCA papers for the session in which I'm the respondent and prepare my remarks. BTW, have you finally let your daughters know you'll be at Disneyland along with me in November for NCA?

See you tomorrow. Again, thanks for an outstanding and fantastic job on Sections 1 and 2. Stan

Hello Dr. Walke and Dr. Adams,

Over the weekend I finished up part "h" of Section 2. I also made minor changes to Section 1. The updated (and final?) versions of both sections are attached here and also have been upload to SharePoint. When you see this email on Monday, please let me know if you have any questions.
