RE: Status and Welfare Committee draft of mission statement

Hi Cathy,
 Dr. Black said that she saw the Status & Welfare Committee as an "overarching committee that assigns tasks, collects information..."
 What other committee's would we be working with? I'm just trying to get a big picture of how things are working.

Please see Sasha's revision of the Status and Welfare Committee's charge and let everyone know your thoughts so that a final version can be presented to the FS. Thanks.

Dr. Jackson and Dr. Hunt,

This is the original:

Status and Welfare Committee shall review and make policy recommendations related to faculty appointment, tenure, promotion, salary and fringe benefits and related matters.

Below is what I have come up with, but please chime in for revisions:

The Status and Welfare Committee shall provide guidance to the Faculty Senate after reviewing faculty concerns and [by] making policy recommendations related to faculty appointment, tenure, promotion, salary and fringe benefits, and related matters.

This is what Dr. Black envisions the committee per her email:

I see yours as an overarching committee that assigns tasks, collects information and recommendations from other committees, look at the big picture and provides

guidance to the Senate.

Thus, I tried to incorporate part of it: "provides guidance to the Senate."
